Experience and suitability for the role, including viral hepatitis status

(By board member):

His name is Dalibor Ruzic, born on the 26th of December 1965. Discovered that he had HBV in 1996, since then he has been on several therapies and still HBV positive. E is involved in all regional WHD activities as well as active networking with all hepatitis patients' organizations in neighboring countries. For the last 4 years he was attending EASL-ELPA meetings and participated in various conferences including hepatitis workshops. He supervised production of the only drama concerning hepatitis. Well versed in English, reading-speaking, fast in reaching conclusions, very collaborative, open minded, strong in advocating and lobbying for the interest of patients. He is top notch in information on hepatitis and up to date therapies and politically neutral.
